CERTIFICATIONS

Intro to HTML (SoloLearn)

Introduction to JavaScript (Microsoft, Coursera)

SQL Fundamentals (SoloLearn)

EDUCATION

Bachelor of Science in Computer Science

Superior University

2020 - 2024

Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Web Development.

Higher Secondary Education (FSc)

Govt. College for Women

2018 - 2020

LANGUAGES

English

Urdu

Arabic

PROFESSIONAL SUMMARY

Final year computer science student skilled in C++, Java, JavaScript, HTML, CSS, and DSA. Proficient in Firebase and MySQL for database management. I am fully confident that I can make meaningful contributions to your team's accomplishments and drive organizational growth.

WORK EXPERIENCE

Junior Android Developer Intern

SortScript

2022

- Collaborated with senior developers to enhance features and functionality of Android applications.
- Gained practical experience in Java programming, Firebase integration, and UI/UX design.

PROJECTS

Tour and Travel Website

HTML, CSS, JavaScript

- Created a responsive and visually appealing tour and travel website with dynamic content and interactive features.

Online Book Store

Java, Firebase, XML

- Designed and developed an Android application for an online bookstore, integrating real-time database interactions and user-friendly interfaces.

Airplane Reservation System

C++

- Implemented an object-oriented airplane management system, focusing on modularity and code reusability.

Railway System

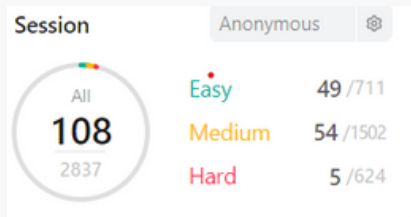

C++

- Developed a structured program to simulate a railway system, managing schedules and reservations efficiently.

CERTIFICATIONS

- Intro to HTML (SoloLearn)
- Introduction to JavaScript (Microsoft, Coursera)
- SQL Fundamentals (SoloLearn)

LEETCODE PROBLEMS

COURSES

- Blockchain Fundamentals (2 months)
- Cracking the Coding Interview (2 months)

PORTFOLIO

https://drive.google.com/drive/folders/1B5oCpzkSxZ7WlnzTK_GYTLzFpbDPgmeG?usp=sharing

SKILLS

- **Programming Languages:** C++, HTML, CSS, Java, Python, XML, JavaScript, SQL
- **Tools:** MS Office, Visual Studio, Dev++, Android Studio
- **Web Technologies:** HTML, CSS, JavaScript, XML
- **Database Management:** SQL- Android Development: Java, Firebase
- **Problem-Solving:** LeetCode problem
- **Team Collaboration:** Junior Android Developer intern
- **Version Control:** GitHub

ACHIEVEMENTS

- **Runner-up** in the App Developer category at **Synopsis 3.0**
- **Participant** in the App Developer category at **SOFTEC 2023**
- **Participant** in the Web Developer category at **UET 2023** and **PU'CON 2023**
- **LeetCode Problem Solved (100+ problems solved)**

INTERESTS

- Web Front-End Development (MERN Stack)
- Back-End Development in C++
- Data Manipulation, Algorithms, and Structures
